Minutes of Last Meeting

Matters Arising (Social events)

Mike Cutler said that Martin Stirna had expressed a wish to put another Bowling Night on in the near future.

Mike also said that a group of the Harriers were going to the Beeston Medieval Pageant and the Joshua Tree 5k run.

There would also be a run at Marbury Park on April 25th.

These events would be post London Marathon.

Bill Ferguson suggested that perhaps the club should have a regular night, once a month, at a local restaurant or Hostelry.

Mike Hatton suggested that it should possibly be a Thursday.

10km Race Update

Alasdair Dyde showed the committee the 10KM T-shirt and the medals for the 5k fun run.

He said that the race preparations were ready and all of the venues had been sorted.

The Manchester Metropolitan University (registration and changing) was ready.

Air Products were supplying the facilities for the computer and results.

Ramada Hotel will be offering Tea and Coffee facilities.

The race was nearly full and there would have to be a "rain-check" on Saturday to see if the race will be full and if so, not accept entries on the day.

The Crewe Co-op Band will be attending on the day and the water stop will be at the Halfway stage Duck Pond.
Mel Cole is bringing the Tent to erect near the Start line.

Membership Update

The club has had at least 3 new members recently.

Club Secretary Update

Mike Cutler handed out some information on the Grand Prix series at the Alexander stadium, Birmingham and it was noted that the club might be interested in purchasing 20 tickets at a discount price of 20% and turning it into a social event.

Race Manager Update

Mike Hatton suggested that Andy Painter should put the Cheshire Grand Prix series on the website.

Mike also stressed that the Shugborough relays needed to be dealt with in regards to getting runners to enter.

Any Other Business

Charles expressed a wish to clarify exactly what the newsletter was for? Charles felt that the newsletter would be of great benefit to those members who didn't necessarily train at the club regularly but would be interested in the club.

It was suggested that members could drop off newsletters to people who either didn't access the website or were "off the radar" at present.

Date Of Next Meeting
